

LEVEL 4 AESTHETIC COURSE

COURSE OVERVIEW

By Ampika's Aesthetics

AM I ELIGIBLE?

- No experience required. Total beginners accepted.
- A good understanding of written/spoken English in order to complete assignments.

QUALIFICATION AWARDED

This course is fully accredited and certified by Qualifi.

Regulated qualifications, also known as accredited qualifications, are those that are reviewed, recognised and monitored by the UK Regulators to ensure that they meet specific criteria and quality standards. The requirements for the regulated qualifications to be accredited are set out in the regulatory arrangements of the General Conditions of Recognition in England (OfQual).

Upon completion of the course, you will gain a Qualifi accreditation in the following:

Level 4 Aesthetics

Along with this, you will also be given live models to perform your case studies on before graduation.

QUALIFI
APPROVED CENTRE

COURSE OVERVIEW

Level 4 course consists of:

- EIGHT TRAINING MODULES

Units completed on this course in the following areas:

- Health, safety and hygiene for aesthetic procedures
- Client consultation for aesthetic procedures
- The biochemistry and biology of cells
- Skin morphology and the inflammatory response
- Skin disorders and diseases relative to aesthetic practice
- Skin rejuvenation using microneedling
- Skin rejuvenation using superficial chemical peels
- Skincare to support aesthetic procedures

DRESS CODE

Recommended Dress Code

- The chosen uniform should be clean and well pressed and made of cotton or a polycotton, which may potentially be boil washed. It should be comfortable and allow a full range of movement and be worn whenever they are carrying out treatments/procedures
- They should change into their uniform when they arrive at the centre/clinic, to avoid any contamination of their clothing during their journey to your centre/clinic
- Lower arms should be bare, to avoid any cross-contamination
- A new disposable apron should be used for each client/patient
- Face masks and gloves should be worn by the practitioner for Level 4, 5 and 7 procedures (as outlined in unit **AP5701**, Use of universal infection control precautions, clean and disinfected environment, effective handwashing . use of PPE (gloves, masks, visors, eyewear, apron), sharps safety, sterilised tools and equipment and skin preparation to reduce risk of infection.)
- Minimal jewellery should be worn – plain wedding band and stud piercings only
- Hair should be clean and securely tied back off the face and collar, hairnets may be worn
- Nail extensions should not be worn, we are aware gloves are worn for most aesthetics procedures; however, length is an issue and may affect the application of the procedure
- Nails should be short, clean, and free from varnish, long nails harbour more dirt and bacteria than short nails and could contribute to the spread of infections
- Shoes should be clean, low heeled, closed in and comfortable. Ideally, they should only be worn in the clinic/centre

BEHAVIOUR

Recommended Behaviour

- All bags, outerwear, phones, and personal belongings should be stored in provided lockers/storage areas, unless otherwise arranged with the tutor
- Water is the only drink permitted in sessions
- No other food or drinks are permitted

N.B. We can at times permit a learner to use their phone in the session to take before and after pictures, learners must always maintain a sterile field. Phones should be cleaned when they are brought into the session, gloves are applied after the before pictures and removed before the after pictures.
