MICRONEEDLING

On the first day you will be carrying out microneedling on each other so you must all participate and engage in this activity of treatment to allow Ampika's Aesthetics to qualify and pass you on this area which is crucial to gain insurance.

You are required to turn up make up free so the training academy are ready to go through your consultation and carry out your treatment.

We appreciate this is not always possible. Removing makeup can take up valuable time within your appointment. The other alternative is if you have specific makeup removers you wish to use you are welcome to bring them to remove your makeup before treatments commence.

LEVEL 4 COURSE OVERVIEW

Level 4 course consists of:

- EIGHT TRAINING MODULES

Units completed on this course in the following areas:

- Health, safety and hygiene for aesthetic procedures
- Client consultation for aesthetic procedures
- The biochemistry and biology of cells
- Skin morphology and the inflammatory response
- Skin disorders and diseases relative to aesthetic practice
- Skin rejuvenation using microneedling
- Skin rejuvenation using superficial chemical peels
- Skincare to support aesthetic procedures

ARRIVAL

All classes start at 9am prompt. You are to arrive at 8:50am ready to start each day.

The courses finish at approximately 5:30pm each day but may vary depending on your course content.

PLEASE NOTE THE TIMINGS OF THE COURSE WILL CHANGE TO THE FOLLOWING FROM OCTOBER 1ST 2023:

The first day of the course will start at 11am and end at 7pm. There are two breaks throughout your first day. The first break is 3pm - 3.30pm and the second break is at 5pm - 5.30pm.

The second and third day will run from 9am - 5.30pm with one lunch break which is 1pm - 1.30pm.

Please bring your own food and refreshments as we are limited on time as we are providing a large amount of models for you to learn and train upon.

Please arrive 10 minutes early each day.

DRESS CODE

Recommended Dress Code

- The chosen uniform should be clean and well pressed and made of cotton or a polycotton, which may potentially be boil washed. It should be comfortable and allow a full range of movement and be worn whenever they are carrying out treatments/procedures
- They should change into their uniform when they arrive at the centre/clinic, to avoid any contamination of their clothing during their journey to your centre/clinic
- Lower arms should be bare, to avoid any cross-contamination
- A new disposable apron should be used for each client/patient
- Face masks and gloves should be worn by the practitioner for Level 4, 5 and 7 procedures (as outlined in unit **AP5701**, Use of universal infection control precautions, clean and disinfected environment, effective handwashing . use of PPE (gloves, masks, visors, eyewear, apron), sharps safety, sterilised tools and equipment and skin preparation to reduce risk of infection.)
- Minimal jewellery should be worn – plain wedding band and stud piercings only
- Hair should be clean and securely tied back off the face and collar, hairnets may be worn
- Nail extensions should not be worn, we are aware gloves are worn for most aesthetics procedures; however, length is an issue and may affect the application of the procedure
- Nails should be short, clean, and free from varnish, long nails harbour more dirt and bacteria than short nails and could contribute to the spread of infections
- Shoes should be clean, low heeled, closed in and comfortable. Ideally, they should only be worn in the clinic/centre

BEHAVIOUR

Recommended Behaviour

- All bags, outerwear, phones, and personal belongings should be stored in provided lockers/storage areas, unless otherwise arranged with the tutor
- Water is the only drink permitted in sessions
- No other food or drinks are permitted

N.B. We can at times permit a learner to use their phone in the session to take before and after pictures, learners must always maintain a sterile field. Phones should be cleaned when they are brought into the session, gloves are applied after the before pictures and removed before the after pictures.
