

ULTIMATE AESTHETICS COURSE OVERVIEW

By Ampika's Aesthetics

AM I ELIGIBLE?

- Ultimate Aesthetics is designed for complete beginners. You don't need any pre-existing knowledge of the aesthetics or beauty industry.
- If you're a medic or non-medic, everyone is welcome on this course.
- If you're a non-medic, you complete the Ampika's Aesthetics Anatomy and Physiology home study, which is included in this course.
- **YOU ARE NOT** permitted to join the practical course unless you have watched the training manual for your course and completed your online class maker exam. Upon purchasing your course you will be sent access to join our student portal. This supports all our students with online tutorials and video manuals explaining the theory side needed to support your training knowledge. This is crucial to complete the video and online exam four days before your practical course date. Should you fail to do so you will have to be booked onto a future course at a future date and there will be a cost to this.

QUALIFICATION AWARDED

Upon completion of the course, you will gain CPD accreditation in the following:

- ★ **Anatomy and Physiology**
- ★ **Microneedling**
- ★ **Complication Management**
- ★ **Safe Practice in Medicine**
- ★ **Foundation Anti-Wrinkle Injections**
- ★ **Foundation Dermal Filler**
- ★ **Mesotherapy**

Along with this, you will also be taught a full clinical set up and client consultation to help kick start your clinic.

Once you obtain your CPD accreditation you will be able to get insurance the next day with Insync as we are one of their preferred training academies of choice to partner up with as part of their platinum program for ensuring accredited students gain insurance.

PRE STUDY

Upon payment of your deposit, you will be sent the relevant course details. This will be for you to study and gain a key understanding of basic anatomy and physiology. Any questions you have, please don't hesitate to get in contact with the team.

Along with Anatomy and Physiology, you will also be expected to research key topics which are COSHH, risk assessment, COVID risk assessment, first aid kit, accident log file, waste disposal and insurance. This information will be sent to you in a manual via email. A little boring we know but this leaves you more time in class to enjoy the fun practical side. The aim of this manual is for you to get a good understanding of the key points which will be vital for your business.

DRESS CODE

The chosen uniform should be clean and well pressed and made of cotton or a polycotton, which may potentially be boil washed. It should be comfortable and allow a full range of movement and be worn whenever they are carrying out treatments/procedures

- Students should change into their uniform when they arrive at the centre/clinic, to avoid any contamination of their clothing during their journey to your centre/clinic
- Lower arms should be bare, to avoid any cross-contamination
- A new disposable apron should be used for each client/patient
- Face masks and gloves should be worn by the practitioner
- Use of universal infection control precautions, clean and disinfected environment, effective handwashing
- Use of PPE (gloves, masks, visors, eyewear, apron), sharps safety, sterilised tools and equipment and skin preparation to reduce risk of infection.)
- Minimal jewellery should be worn – plain wedding band and stud piercings only
- Hair should be clean and securely tied back off the face and collar, hairnets may be worn
- Nail extensions should not be worn, we are aware gloves are worn for most aesthetics procedures; however, length is an issue and may affect the application of the procedure
- Nails should be short, clean, and free from varnish, long nails harbour more dirt and bacteria than short nails and could contribute to the spread of infections
- Shoes should be clean, low heeled, closed in and comfortable. Ideally, they should only be worn in the clinic/centre .
- NO COATS OR CARDIGANS TO BE WORN OVER YOUR SCRUBS OR WORKING OUTFIT whilst you are carrying out any treatments.
- Should you be cold please wear extra body layers to help promote a stable body temperature. Thermal skin vests can be worn under your tunics.
- Shoes MUST BE CLEAN covering all of the feet.
- NO sling backs.
- NO strappy shoes.
- NO open parts of the foot or toes to be exposed.
- NO fringes that are hitting your eyebrows or lower must be clipped back securely.

PLEASE DO NOT TURN UP without taking the above into consideration. This will hinder your learning experience should you not act responsibly and maintain professionalism at all times.

BEHAVIOUR

Your behaviour, body language and tone of voice are to conform to a positive and professional student manner. The training school has a ZERO tolerance to abuse of any kind.

Recommended Behaviour:

- All bags, outerwear, phones, and personal belongings should be stored in provided lockers/storage areas, unless otherwise arranged with the tutor
- Water is the only drink permitted in sessions
- No other food or drinks are permitted

N.B. We can at times permit a learner to use their phone in the session to take before and after pictures, learners must always maintain a sterile field. Phones should be cleaned when they are brought into the session, gloves are applied after the before pictures and removed before the after pictures.
